Dear Ms. Best:

This responds to your Freedom of Information Act (FOIA) request (Enclosure 1) to the Office of the Director of National Intelligence (ODNI), which was emailed and received on 18 June 2018. Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, as amended, you requested **"Copies of all drafted, submitted or received SF-311 forms (<https://www.archives.gov/files/isoo/securityforms/sf311.pdf>) produced in the year prior to the receipt of this FOIA request. SF-311 forms may also be identified as Agency Security Classification Management Program Data."**

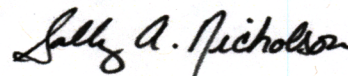

Your request was processed in accordance with the FOIA, 5 U.S.C. § 552, as amended. A thorough search of our records and databases located one record responsive to your request (Enclosure 2). The ODNI identified material requiring withholding, pursuant to exemption (b)(3), which applies to information exempt from disclosure by statute, specifically the National Security Act of 1947, as amended, 50 U.S.C. § 3024(m)(1), which protects, among other things, the names and identifying information of ODNI personnel.

If you wish to appeal our determination on this request, please explain the basis of your appeal and forward to: Office of the Director of National Intelligence, Information Management Division, Washington, DC 20511, within 90 days of the date of this letter.

However, prior to filing an appeal, you may find it helpful to contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001; e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you have any questions, please feel free to email our Requester Service Center at DNI-FOIA@dni.gov or call us at (301) 243-1499. You can also contact ODNI's FOIA Liaison by email at DNI-FOIA-Liaison@dni.gov.

Subject: Freedom of Information Act Request: SF-311 2017 (National Counterintelligence and Security Center)

JUN 18 2018

National Counterintelligence and Security Center
FOIA Office
Office of the Director of National Intelligence
McLean, VA 22102

June 18, 2018

To Whom It May Concern:

Pursuant to the Freedom of Information Act, I hereby request the following records:

Copies of all drafted, submitted or received SF-311 forms (<https://www.archives.gov/files/isoo/security-forms/sf311.pdf>) produced in the year prior to the receipt of this FOIA request. SF-311 forms may also be identified as Agency Security Classification Management Program Data.

I am a member of the news media and request classification as such. I have previously written about the government and its activities, with some reaching over 100,000 readers. As such, as I have a reasonable expectation of publication and my editorial and writing skills are well established. In addition, I discuss and comment on the files online and make them available through non-profits such as the Internet Archive and MuckRock, disseminating them to a large audience. While my research is not limited to this, a great deal of it, including this, focuses on the activities and attitudes of the government itself. As such, it is not necessary for me to demonstrate the relevance of this particular subject in advance.

Additionally, case law states that "proof of the ability to disseminate the released information to a broad cross-section of the public is not required." *Judicial Watch, Inc. v. Dep't of Justice*, 365 F.3d 1108, 1126 (D.C. Cir. 2004); see *Carney v. U.S. Dep't of Justice*, 19 F.3d 807, 814-15 (2d Cir. 1994). Further, courts have held that "qualified because it also had 'firm' plans to 'publish a number of . . . 'document sets'" concerning United States foreign and national security policy." Under this criteria, as well, I qualify as a member of the news media.

Additionally, courts have held that the news media status "focuses on the nature of the requester, not its request. The provision requires that the request be 'made by' a representative of the news media. Id. § 552(a)(4)(A)(ii)(II). A newspaper reporter, for example, is a representative of the news media regardless of how much interest there is in the story for which he or she is requesting information." As such, the details of the request itself are moot for the purposes of determining the appropriate fee category.

As my primary purpose is to inform about government activities by reporting on it and making the raw data available, I request that fees be waived.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires.

Sincerely,

Emma Best

PART J: Explanatory Comments

Use this space to elaborate on any section of this form. If more space is needed, provide as an attachment to this form. Provide explanations for any significant changes in trends/numbers from the previous year's report.

Block 18: There were 31 original classification decisions made (30 supporting IARPA-specific programs, 1 for the IC-wide NIP Budget and Financial Management Security Classification Guide signed in June).

Block 22: In May 2015, ODNI transitioned from a manual counting practice for reporting the number of derivative classification decisions to an automated approach using the embedded classification management tool (CMT). Codes were modified in the tool to capture each derivative decision made by ODNI personnel on classified systems. This significantly reduced the resources required to manage and execute the annual classification count exercise. We noted, however, discrepancies in some of the data tallied which was investigated in FY 2017. The numbers shown reflect one quarterly report extrapolated across the year; this results in a close estimate as to the actual amount of derivative decisions. In FY2018, we expect to receive 4 quarterly reports- spanning the entire year- and will not have to perform this extrapolation. Additionally, added reporting requirements for the CMT are currently being investigated to ensure future data integrity and accuracy.

Blocks 39 & 40: There were 2 documents totaling 28 pages reviewed and declassified under discretionary declassification.

Blocks 44-52: Marked N/A as ODNI is a consumer, not a producer of ORCON data.

Additional details are included in the ODNI Annual Self-Inspection Report: FY 2017.
